At the heart of our story is Holly, a little girl who plays the trumpet. At rehearsals for the school Christmas concert she notices strange things happening. Frost patterns appear, icicles form and a window is blown open by a freezing gust of wind. It's an invisible sprite called Jack Frost – and only children with magic inside can see him!

We follow Holly's adventure into fantastical, ice-covered world of the mischievous yet lonely Jack. When plans for the school concert go awry together Holly and Jack will make sure no-one is left outside this Christmas.

Jack Frost is a witty and welcoming Christmas show, which explores what it means to feel like you're on the outside looking in. With playful storytelling, a live band and audience participation come and join us at the Civic for a frosty festive treat.

Workshop Offer

Your school could be part of developing the new professional Christmas show for The Civic! Fidget Theatre and The Civic, Barnsley are on the lookout for two partner schools to join us on the creation of this exciting new project.

Fidget Theatre company have extensive experience in working with schools and engaging children in the process of creating a piece of theatre as well as enjoying the end product.

About the partner schools offer:

In summer term 2018 Fidget Theatre's writer and director will run two workshop sessions using drama techniques to explore the story and the mythical figure of Jack Frost along with the key themes of loneliness and joining in.

In the first half of the autumn term Fidget will return to school with two further sessions lead by our set and costume designer to explore theatre design and create Jack Frost inspired artworks. The artwork the children produce will be installed at Barnsley Civic throughout December and they will have the opportunity to see the development of ideas from the workshops to full production.

We are also offering our partner schools the opportunity to attend the preview performance, meet the cast and production team and take part in a post-show session, led by Fidget, about making the show.

The workshops, performance and post-show session can support schools running the Arts Award with their pupils and we would welcome further discussion should a partner school be interested.

The details:
